

libthinkpad.h

```
graph BT; libthinkpad_c[libthinkpad.c] --> libthinkpad_h[libthinkpad.h]; thinkpadTest_c[thinkpadTest.c] --> libthinkpad_h;
```

A diagram illustrating the relationship between three files. At the top is a gray box labeled 'libthinkpad.h'. Below it, on the left, is a white box labeled 'libthinkpad.c', and on the right is a white box labeled 'thinkpadTest.c'. Two blue arrows point from the bottom of these two boxes up to the bottom of the 'libthinkpad.h' box, indicating that both source files include the header file.

libthinkpad.c

thinkpadTest.c
